1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a Duke Energy customer and object to the amount of residential rate increase asked for by Duke.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Being on a fixed retirement and Social Security income during this economic disaster has not been fun. It is my belief that Duke Energy should be awarded no more than 5% if even that much. The residential rate increase asked for by Duke Energy is way out of line. Also if outdoor lighting includes neighborhood street lights then I object to any rate increase at all for them. Our neighborhood association has been trying for months to get Duke Energy to remove the bug residue from the bottom of the lamps but to no avail.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
(This section should be completed.)

Do not wish to make an appearance but please use this statement as a matter of record.
